However, face slapping came so quickly, he couldn't help but be dumbfounded as he looked at the results of the appraisal.

"What the f * ck!" Chu Han Yu almost fell off his chair as he lost his balance, his eyes wide with shock.

There was no time to think about what was going on. Chu Han Yu immediately rushed to the HG Corporation's Ji Yuan's office with the report in hand. Without another word, he placed the DNA result in front of him.

"Boss, you're still the best. You're simply amazing without being loud. You directly skipped the next step and ended up with a three-year-old son!"

Ji Yuan was startled, he glanced at the documents on the table coldly, his eyes sharp: "What nonsense are you talking about?"

"Boss, didn't you ask me to investigate that woman? Of course, I have to find out about her child. Anyway... Boss, just look at the results! "

Chu Hanyu tapped the report on the table and mysteriously said, also revealing a hint of schadenfreude.

This was a huge matter, and he was really looking forward to see his boss' shocked and frightened expression when he saw the report.

Ji Yuan raised his eyebrows, the sharp light in his eyes seemed to be able to pierce through.

Chu Han Yu, who was originally in high spirits, immediately pulled back the uncontrollable expression on his face and stood there obediently. However, his eyes were still shining as he watched Ji Hanyuan open the report on the table.

Even though Ji Yuan had never been happy, the man's pupils suddenly shrank.

The pressure in the office instantly dropped to the point that Chu Han Yu felt like he couldn't breathe anymore.

"Boss ..."

"What's wrong with this thing?" Ji Yuan's voice was filled with anger.

Was the child on the monitor, like him, really his biological son?

How is this possible?

"This is real! This was appraised using the hair that boss left on the bed in the hotel, and the hair that my subordinates stole from the little guy's house. The result is absolutely true, that kid is really young master, boss is your biological son! "

Ji Yuan's face darkened. He lowered his gaze as he stared at the data on the report and the investigation on Mu Qinghuan that followed.

The child was more than three years old.

According to time, it was indeed conceived four years ago.

Four years ago, that woman was caught cheating on her wedding day...

The only time he had done this was four years ago, when his sister, Shen Qing Tian, had planned to drug him and have sex with a woman in a hotel.

Because he was drugged at the time and it was late at night, he could not see the woman's face clearly. Before dawn the next day, he had already left.

At that time, he mistakenly thought that it was Shen Qingtian. In his fury, he chased Shen Qingtian out of the country.

But now it seemed that not only had he been tricked by Shen Qingtian, but he had also been deceived by her.

The woman from that night was Mu Qinghuan!

Not only that, she had even secretly given birth to his child!

"Where is the Little Star now?" According to the information, the child's name was Xiao Xing. When Ji Yu Yuan mentioned his son, a trace of gentleness could be seen on his ice-cold face.

When he was unaware of it, his son had come to this world. He had missed his first three years of life, but for the rest of his life, he would never miss a single second!

It was his son!

The custody rights could only be in his hands!

"At home." Chu Han Yu had already investigated thoroughly.

"Prepare the car!"

Ji Yuan stood up and walked towards the door with big strides.

How could his son be reared and raised by a woman who was such a mess?

Not even if she was his mother!

Mu Hanxin and Chi You Ran were at home watching the matinee together.

Detective Conan.

Chi You Ran had once expressed that such a young child could understand?

However, Mu Hanxin was engrossed with it and was engrossed with it when the sound of a door rang.

The little bun thought that Mu Qinghuan had returned early from work. He didn't wait for her to get up before he jumped off the sofa and headed for the door. "Mom, I'll open the door!"

The little bun happily opened the door and shouted, "Brother Mu!"

As soon as he lifted his head, he saw a face that was very similar to his own.

The man was incomparably handsome, and his demeanor was cold and solemn. In that instant, a trace of gentleness flashed through the depths of his eyes.

It was Ji Yuan!

That uncle who looked very similar to him!

"Uncle, why are you here?" The little bun was somewhat puzzled, but he was more excited.

Was it because of his tie that day that this uncle and Mommy had fallen in love?

They were going to be together?

The little bun was already longing for the beautiful life of a family of three.

However, when Chi You Ran saw the group of people who suddenly appeared at the door, especially the leader Ji Feng, he was so shocked that he almost fainted.

"Mister, you're trespassing. You ..."

Chi You Ran immediately stood in front of the little bun, anxiously and excitedly staring at him.

Ji Yuan's sharp gaze only landed on her body, and directly interrupted her, and went straight to the point, "I'm here to pick up my son."

"Even if you come to fetch your son, you can't ..." Chi You Ran realized in an instant, and his eyes widened. "Your son?!" Not going to be... Little, little star? "

It can't be?

Although he had initially thought that the two of them looked like father and son, that was just a joke!

"This is my son and I." Ji Yuan got someone to pass the report to Chi You Ran.

Chi You Ran was stunned as he read the report. He felt as if he was dreaming.

Mu Hanxin was actually Ji Hanyuan's son!

God! The man who had a one-night stand with Mu Qinghuan four years ago was precisely this ...

Chi You Ran was still in a trance and didn't know what to do. Ji You Yuan knelt down and gently hugged Mu Hanxin.

The little bun was clearly very surprised as well, but it was quickly replaced by happiness.

"I knew it! Uncle and I look so similar! It must be a father and son relationship!"

He had found his father, and like the other children, he would live happily with his father's mother and her family.

The little bun was looking forward to a better life, a bright smile appearing at the corners of his eyes.

Ji Yuan looked at his son's innocent smile, and his handsome face melted into ice, revealing a rare gentle expression, "You can call me daddy now. Daddy's coming here today is to bring you home."

"Daddy, Brother Mu definitely doesn't know about this. If I wasn't at home, she would definitely be worried." The smile on the little bun's face gradually

disappeared. His little eyebrows were tightly knitted, and he seemed to be troubled as he said, "Can you just stay here and wait for Mommy to come back first? When the time comes, the three of us will be together. "

The little bun still remembered Mu Qinghuan's scolding that morning. He didn't want to leave just like that.

Ji Yuan frowned.

He didn't expect his son's feelings and reliance on Mu Qinghuan to be so deep.

In the studio, Mu Qinghuan was still drawing the design draft.

In the quiet office, a cell phone suddenly rang.

After the little bun had suddenly run around randomly, Mu Qinghuan was still a little nervous. When she heard the phone call, she assumed it was Mu Hanxing who was being mischievous and quickly picked up the phone. "You Ran, did Little Xing cause trouble again?"

"Go home! Little Xing's biological father, Ji Yuan, has come to visit! " On the phone, Chi You Ran's voice was still as agitated as before.

C23

"..." "What?!"

Mu Qinghuan did not dare to believe this. She hurriedly put down the work in her hands, picked up her bag and ran out.

Little Xing's biological father?

Ji Yuan...

This name wasn't unfamiliar to Mu Qinghuan. The other party was a renowned entrepreneur in Hua Kingdom. He was young, single, and as rich as a nation.

How could someone like that be the father of a little star?

Why would the other party come knocking on his door?

Mu Qinghuan was furious and anxious at the same time. She didn't even have time to think as she rushed home like a madman.

She felt like she was going crazy for the past two days. Yesterday, it was the little bun who scared her to death by running around randomly. Today, a man who claimed to be the little bun's father suddenly came to steal her son.

Mu Qinghuan's mind tensed up as she got out of the car and ran back home at a speed of nearly a hundred meters.

"Mu Hanxin!"

Upon entering, Mu Qinghuan saw Mu Hanxin in the living room, leaning against a man's chest as she watched cartoons.

Hearing the voice, the two of them raised their heads and looked over.

Looking at the two large and small faces that looked almost identical, Mu Qinghuan was as though she had been struck by lightning. She was stunned on the spot. The anger she had when she first entered was nowhere to be seen.

With his sharp features and sharp blade-like features, he was flawless,

especially with his extraordinary aura. Even though he was deliberately suppressing it, it was impossible for others to ignore him.

Mu Qinghuan's heart couldn't help but tighten, and even her spine stiffened a little.

It was impossible for her to recognize such an unfathomable and handsome man.

This was the man that had shared the same bed with her in the same room last night!

At that time, she was too nervous and didn't think too much about it. Now, looking at the faces of the man and his son, Mu Qinghuan was very astonished.

He looks so much like his son!

Ji Yuan was also looking at Mu Qinghuan.

Although he did not have a good impression of this woman, who seemed to be very scheming and had a messy relationship with men, he had to admit that she was a natural beauty.

It was obvious that this simple and capable professional attire was nothing special. However, when it was worn on her body, it made people unable to shift their gaze away.

"Brother Mu!" The two adults were sizing each other up when the little bun saw Mu Qinghuan. His eyes lit up as he hurriedly stood up from Ji Yuan's embrace and rushed towards Mu Qinghuan, "Brother Mu, you've finally returned. Daddy has come to find us!"

The little bun played with a bit of caution.

He purposely said 'we' so that Mu Qinghuan could have a good impression of him.

Mu Qinghuan was woken up by her son's voice. She stared at Ji Yuan, who was sitting on the sofa with a resentful face, and asked, "Why are you at my house? You are trespassing! And you even tried to kidnap my son! "

Yesterday, she broke into his room for her son. Today, it was him who broke into her house for her son!

Mu Qinghuan didn't know if she should say that it was a bad fate.

"No!" "Brother Mu, he really is father's man!" The little bun saw that Mu Qinghuan had misunderstood and was even showing a face full of wariness and hostility towards Ji Qingyuan. He immediately became anxious in his heart.

He quickly turned around to look at Ji Yuan. "Daddy, quickly explain it to Mommy!"

Seeing his son in such a hurry, Ji Yuan decided to temporarily put aside his plans of snatching his son away.

Seeing his son like this, forcefully separating from his mother would only worsen their relationship.

This was not what Ji Chenyuan wanted to see.

"He is my son, the son you and I gave birth to four years ago." Ji Chenyuan

tapped the piece of DNA on the table and said calmly.

"Impossible ...!" Mu Qinghuan subconsciously retorted.

However, he was both shocked and worried.

C24

Moreover, Mu Qinghuan also felt a little guilty.

That night four years ago, she was drugged and her mind was muddled. She did not even know what her opponent looked like.

Could it be that the man from that night was really him ...

Ji Yuan!

She looked at the two of them with similar expressions. Suddenly, she didn't even dare open the DNA report on the table.

In fact, seeing the two of them standing side by side, she already had an answer in her heart.

No wonder the little star spent so much effort yesterday to lure her to this man's room.

"Could it be that you're not in charge? The truth is, my son, I will not let you go." Ji Chenyuan stood up and looked down at Mu Qinghuan condescendingly.

When Mu Qinghuan heard this, she gnashed her teeth in anger. She glared viciously at the other party and said, "You've already let them go for three years already. What about your face, Mister Ji?"

Regardless of the circumstances back then, when this man had a relationship with her, it was still a fact that he didn't care about her!

Her son had been born in a foreign country by herself, and she had raised him until now!

Now that he suddenly appeared, he wanted to snatch her child away?

He was dreaming!

"So, I won't miss my son's future." Ji Yuan's gaze became sharper, he paused, and said: "Even if it's just a bit."

Mu Qinghuan froze for a moment, before her face flushed red from anger. If her son wasn't still here, she really wanted to take off her high heels and stab it into the man's decent face, "Don't even think about it! Little Xing is my son, you have nothing to do with him!"

Mu Qinghuan really wanted to scold him, but when she saw that her son was still here, she endured it in the end.

"The child also has half of my blood inside him." Compared to Mu Qinghuan's anger, Ji Yuan's expression was cold and indifferent. "Therefore, I've decided to stay."

Little bun's eyes lit up when he heard Ji Yuan's words.

However, Mu Qinghuan's vision turned black and exploded.

"On what basis? Who allowed you to stay! This is my home! My son is mine!

"Teacher Ji, if you don't leave, I will call the police and say that you trespassed into my house!"

Mu Qinghuan stared angrily at the man in front of her.

Even if he was as rich as a nation, so what if he was the powerful Ji Yue Yuan?

She only had her son left. In this world, no one could even dream of taking him away from her!

"You can try." Ji Yuan's gaze turned colder, his face darkened, his cold and even mocking attitude, as though he was ridiculing her for overestimating herself.

"You're shameless!" Mu Qinghuan was so angry that she didn't even care about her son as she scolded him.

He was clearly using his power to suppress her and he was determined to snatch her son!

Mu Qinghuan was angry and unwilling. The same feeling of four years ago when she was forced into a corner once again lingered in her heart.

His eyes instantly turned red.

When Ji Yuan saw that the woman looked like she was about to cry, his sharp eyebrows knitted together.

"Brother Mu!" The little bun hurriedly hugged Mu Qinghuan's thigh. Seeing Mu Qinghuan's tears, he also felt uncomfortable. His eyes reddened as he said, "Did I do something wrong?" Don't cry, if I don't go with dad, I'll stay

with you! "

Although he really missed his father, he also really wanted to be with his father.

But Mommy can't lose it.

When Ji Yuan heard the little bun's words, his heart tightened.

The son he just found was obviously leaving with his mother.

"Don't worry, I won't take my son away from you." Ji Yuan's expression turned cold, but taking into consideration that his son was here, he tried his best to look better, "But you can't interfere with my son's close proximity, after all, I'm his biological father."

"No way!"

How could she let this man and his son get close?

Mu Qinghuan wasn't stupid. She could tell that he was worried about his son's thoughts and hadn't forcefully taken him away.

Otherwise, with this man's tyrannical appearance, he would have taken his son away immediately.

What if the two of them were to develop feelings for each other and their son was taken away?

"Mommy ..." Mu Hanxin frowned slightly. Her watery eyes stared at Mu Qinghuan pitifully as she said, "Just agree to father's request. I want to be like

the other children and have father's mommy. I don't want to be mocked by them."

Mu Qing's heart ached as though he had been stabbed by a knife.

The little star was still so small, but it turned out that when she was unaware, he had always been this sensitive and self-abased?

Mu Qinghuan's heart clenched. She felt guilty and sad, but she really couldn't let go of this man and let him approach her son.

But he didn't have the heart to say no.

Ji Yuan's eyes became cold, his son still had so many grievances in his heart, "The unsoundness of the family affects the physical and mental health of children, I do not wish for my son to be able to endure this at such a young age, so, if you do not agree, then you must agree, otherwise —"

The man paused, then suddenly leaned over.

Mu Qinghuan tensed up and wanted to dodge in panic, but Ji Qingyuan quickly wrapped his arms around her waist and pulled her into his embrace.

He raised his hand to push the man away and fiercely slapped him. The man's voice, which was cold and without a trace of warmth, resounded in his ears, causing only two people to hear, "If you insist on stopping me from getting close to my son, then since he is destined to lose half of his love, I would rather he lose his maternal love. The right to take care of him will definitely be in my hands."

The man's words were simple and crude, like those of an emperor looking at

everything with disdain. He was extremely arrogant.

Mu Qinghuan was shocked and angry at the same time. Her hands clenched into fists, as though she wanted to punch a man in the face.

He was threatening her!

But damn it, she could only endure!

With her opponent's power and influence, if she really had to do that, she would have no way to resist.

"Daddy, Mommy, why are you hugging each other and whispering? I want to hear it too!" Mu Hanxin raised his head and asked.

He was very happy to see his parents suddenly hugging each other, but the tense atmosphere between the two still made him a little nervous, afraid that they would start a fight.

After Mu Qinghuan was reminded by her son, she finally realized that she was still in Ji Yuan's embrace!

Mu Qinghuan's face turned red and she stretched out her hand to push away the man in front of her.

However, she didn't push him away. This time, Mu Qinghuan's ears turned red. It wasn't because she felt embarrassed, but because she was angry!

His son was still here! What was he doing?!

"You ..." Mu Qinghuan gritted her teeth as she opened her mouth.

However, before he could finish his sentence, Ji Yuan had already said, "Your mother and I are in touch with each other, talking about love. It's inappropriate for children, not suitable for listening."

Was this man shameless?!

Even if they already had a son between them, in the end, they actually... They had only met a few times and said a few words!

Who was it that contacted him!?

"Really! Will you really not quarrel, will you really be as loving and loving as other couples are?" The little bun widened his starry eyes and said happily, "Does that mean we'll be family together in the future?"

He was worried at first that Mommy would be angry and throw Dad out.

"Of course, Daddy only didn't know where you and Mommy were in the past. It's not that Daddy didn't want you and Mommy, but now that we've found each other, we naturally have to be together." No matter how cold and proud Ji Yuan was, when he saw his son's expectant and perturbed eyes, how could he endure hurting his heart?
